## Mexicans Invade U. S. Burn Columbus, N. M. Kill Many People

Columbus, New Mexico, March 9.—Five hundred of Villas Mexican bandits crossed the border into the United States today and attacked Columbus early this morning killing American men, women and children where ever they were found. They were finally driven off after the arrival of three troops of the thirteenth cavalry. A large part of the city is in flames and dead Mexicans are lying everywhere. The Mexicans stationed sharpshooters at the street corners and murdering the Americans as they ran to their homes and hotels. The big Central Hotel was set on fire by the raiders and the guests were shot down as they fled from the burning building. Major Slocums in command of the troops had his revolver shot from his hand while in action. The soldiers caught up to the fleeing Mexicans and killed eighteen before they crossed the border line. Four American soldiers were killed and several are seriously wounded. General Villa has issued orders to all his followers to hang every American caught in their territory.

Washington, March 9.—All diplomatic circles in this city are terribly stirred this afternoon over the

affair at Columbia, New Mexico, and it is the popular belief that it means war for the United States and that troops will be sent across the border at once after the murderers.

Fairbanks, March 8.—The military barracks at Fort Gibbon, at the mouth of the Yukon was destroyed by fire last night. Three lives were lost. The cause of the fire is unknown. Everything about this barracks is a total loss. A strong wind was blowing at the time of the fire and thermometer registered fifteen below zero which made it impossible to do anything to save the buildings.

Fairbanks, March 9.—Work will be started immediately to rebuild the burned barracks at Fort Gibbon.

London, March 9.—According to dispatches received yesterday from Zurich the Portuguese Minister to Germany will receive his passports next Saturday unless Portugal releases all German ships. This will be a declamation of war against Portugal.

## Verdun Battle Still Continues Intensely

Paris, March 9.—The German forces have surrounded over two thirds of the distance around the Verdun forts according to information given out this morning. The news creates little excitement. The battle around the fort still continues intensely and France is confidently awaiting the issue believing that that the fort will be able to hold out.

Paris, March 9.—German forces have advanced several miles in their effort to surround Verdun and have captured the town of Fresnes. No very important positions were taken however.

Paris, March 9.—By a counter attack the French forces yesterday drove the Germans from the Corbeaux Woods. The Germans are now holding their own only on the Eastern extremity.

Paris, Mar. 9.—It was announced yesterday evening that the German forces again reoccupy Hardamont, also that the village of Douaumont is again being heavily bombarded.

Juneau, Mar. 9.—According to word received from Sitka a strange airship has been seen twice in the past forty eight hours.

## German Fleet Cruises In North Sea

London, March 7.—The German fleet consisting of twenty five modern dreadnaughts have escaped from Kiel Canal. They escaped two days ago but the news was held up by British censors and not allowed out until today. The fleet escaped through the English blockade during a heavy snow storm, and a great sea battle is looked for at any time.

London, March 9.—Dispatches received by the Admiralty this morning from Ymuiden state that the German fleet which has been cruising in the North Sea returned to Wilhelmshaven again Wednesday morning. The excitement and nervousness under which Britain has been laboring since the news that the fleet was at large was given out is relieved. Today considerable criticism is expressed by both the people and newspapers against the Admiralty. It is given out that there will be a meeting of the Admiralty board this afternoon and it is believed that the cause of the meeting is to recall Lord Fisher and several other officials of the North Sea blockade system. The Admiralty officials have remained in their offices day and night since the German fleet escaped wondering and trying to figure where the German fleet would strike first.

London, March 9.—A trawler arriving at Ymuiden last evening reports sighting the German fleet consisting of fifty warships and a large number of trawlers, zeppelins and submarines, proceeding Westward off Terschelling Island off north Holland, last Monday.

Berlin, March 9.—The village and armoured fort of Vaux, situated to the northeast of Verdun was captured this afternoon by the German forces according to information given out by the war office tonight.

Paris, March 9.—The German forces were repulsed today at Douaumont and after several attacks were completely defeated and retreated a considerable distance.

## Wrangell Post Office Is Now A Postal Saving Depository

By J. E. Wodren

Note—Since the news was given out some time ago that Postal Saving Banks were to be established throughout Alaska many of our readers have held rather vague ideas concerning its workings and to make it plain Postmaster Wodren has prepared the following for the Sentinel.—Editor.

On April 1st, 1916, and effective on and after that date, the Wrangell postoffice will receive deposits of cash in exchange for Postal Savings Certificates in sums of not less than \$1.00 and not to exceed \$100.00 during any one calendar month. The deposits may be continued on a basis of \$100.00 per month until a total sum of \$500.00 has been deposited. After the full sum of \$500.00 has been credited to any one depositor he may, by surrendering his certificates of deposit, purchase Postal Saving Bonds bearing interest at the rate of two and one-half per cent annually.

Depositors who exchange postal savings certificates for bonds may again become purchasers of postal savings certificates at the postoffice the same as they had previously done, limited however and

under same conditions as original deposits were made. Interest at the rate of two per cent will be paid on certificates of deposit, interest to computed annually. Any one over the age of 10 years may become a depositor.

For the benefit of those who wish to put aside lesser amounts than \$1.00 the Postal Department has provided cards to be used with postal savings stamps. The cards are sold at 10c each and the stamps and has a value of \$1.00 when filled out. In this way the purchaser can save small amounts until card is full and then exchange for a depositor's certificate. Quoting from a letter recently received is the following: "The Postal Savings System was established experimentally in one postoffice in each state and territory on Jan. 1st, 1911. Since that time it has grown rapidly until now, after five years, it is doing business with about 560,000 depositors in over 7,700 depository offices, located in the continental United States, Porto Rico and Hawaii. These depositors have to their credit about \$72,000,000, not including \$2,246,100 which has been withdrawn by them for the purchase of postal savings bonds."

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.
